DP Aircraft I Limited (the "Company")

The Board of DP Aircraft I Limited announces with great sadness the death of Didier Benaroya, a non-executive director of the Company. Didier's knowledge and experience of the aviation sector, as well as his pragmatism and good humour, were highly valued by all of us who worked with him, and he will be greatly missed. The thoughts of the Board, and of all those connected with the Company, are with his family.
